PROFESSIONAL SUMMARY

Motivated and detail-oriented Frontend Developer with over 2.5 years of experience specializing in Angular. Adept at building scalable web applications, resolving complex bugs, and collaborating across teams. Passionate about learning emerging technologies to drive process improvement and deliver user-centric solutions.

CAREER OBJECTIVE

To contribute to a forward-thinking organization by applying strong technical, analytical, and interpersonal skills. Seeking a challenging role where I can grow professionally and help the company achieve its goals.

EXPERIENCE

Codezen Tech Solutions, Mumbai — *Frontend Developer*

March 2023 - June 2025

- Developed features for client-side web apps using Angular and TypeScript.
- Integrated RESTful APIs for dynamic data rendering and backend communication.
- Led daily task updates, conducted code reviews, and mentored junior developers.
- Collaborated with cross-functional teams to deliver seamless product updates and bug fixes.

PROJECTS

Enterprise Resource Planning (ERP) Web Application

- Designed and built a scalable ERP system integrating modules like Inventory Management, Payroll, and CRM.
- Engineered responsive user interfaces with Angular, ensuring cross-device compatibility.
- Collaborated with business analysts and UI/UX designers for feature planning.
- Integrated backend services via REST APIs for real-time data synchronization.

SKILLS

Angular

Spring Boot

Hibernate

Nodejs

JavaScript

TypeScript

HTML / CSS

Java

C++

MYSQL / MongoDB

Git / GitHub

PROFESSIONAL SKILLS

Strong Analytical & Problem-Solving Abilities

Effective Communication

Decision-Making & Critical Thinking

Team Collaboration

LANGUAGES

English, Hindi, Marathi

- Followed modular development and accessibility best practices for long-term maintainability.

Task Manager

- Developed a responsive task management web application using **Angular**, **Angular Material**, **Node.js**, and **MongoDB** to help users efficiently track and manage their daily tasks.
- Implemented core CRUD functionalities: users can **create**, **update**, and **delete** tasks in real-time.
- Integrated **user authentication** with secure login and token-based session management using **JWT (JSON Web Tokens)**.
- Utilized **HTTP interceptors** in Angular to attach tokens and handle global HTTP errors.
- Designed a user-friendly interface with Angular Material components, ensuring mobile responsiveness and accessibility.
- Established RESTful API endpoints with Node.js and Express, connected to a MongoDB database for persistent storage.
